Clark A. Schloz, P.E. Jackson County Engineer

4/10/08

Tentative schedule for Centerville Road construction projects

- 1) East section of Centerville Rd - St Donatus west to about 239th Ave
Grading construction planned for the spring – fall of 2010
 - a) Preliminary surveying will be during the summer and fall of 2008 as time permits from other projects.
 - b) Design work late fall 2008 – spring 2009
 - c) Right-of-Way appraisals summer 2009
 - d) Right-of-Way discussions/purchase mid-summer – early fall 2009
 - e) Right-of-Way has to be purchased by October 2009
 - f) Take bids January/February of 2010 through the IDOT
 - g) Awarding of the contract sometime between January – March of 2010
 - h) Construction of the project spring – fall 2010 (timing of the construction is set by the contractor)
- 2) West section of Centerville Rd – 239th Ave west to 230th Ave
Grading construction and bridge replacement planned for spring – fall of 2012
- 3) East section of Centerville Rd – St Donatus west to about 253rd Ave
Paving construction planned for spring – fall of 2013
- 4) West section of Centerville Rd – 253rd Ave west to 230th Ave
Paving construction for this section is not currently on the 5 year Road Plan.
The earliest date for construction would be 2014

The 5 year Road Plan Program is dependent on adequate funding to construct these projects. If funding is frozen or funding decreases then the program schedule will have to change.
